WAN-IFRA DM Series emphasizes digital revenue topics and depending on the region covers key issues such as digital transformation, diversification of revenue streams, media trends, digital subscription, reader engagement, advertising and media innovation.

It combines local cases with international success stories, features established publishers who have become disruptors in their communities and prioritizes networking and roundtable discussions.

If you are working on a product or solution that can support publishers improving and navigating through their digital transformation, this is the place to be! In some of the regions you can even secure an exhibition Table Top to better showcase your solutions to the attendees.

The WAN-IFRA Digital Media Awards is the news media industry’s only truly global digital media competition. It recognizes outstanding work done by news publishers in digital media and are an integral part of each regional Digital Media event.

Target Audience

CEOs, Editors-in-Chief, COOs, CMOs, CTOs, Chief Digital Officers, Managing Directors, Publishers, Digital Revenue Strategists, Innovation Managers, Online Product/Project Managers, Heads of Digital Business Units and more.
